

Interview with William Simpson, 12 August 1986.

TAPE IS VERY INDISTINCT, EVEN ON ENHANCED VERSION.

Allen: Your father, Sumner Simpson, was a member of the Board of Incorporators of the original Junior College. and remained from 1928 to his demise in June of 1952 as a trustee of the University. And you came on the Board a short time later, in 1955. So that for the entire life of the institution, there has been a Simpson associated with the University at a very high level.

Simpson referred to fact that he had been on Board of Associates during the time.

Allen: Reference to First Methodist Church building fund.

Allen: Reference to Cortright and Fones gathering together the men to bring about the JCC. A very remarkable group of people.

Allen: Noted that Littlefield would say that Sumner was always available for telephone calls or conferences. (Seldom came to meetings).

Virtually impossible to get anything out of this tape.
